Cruise Speed (mph): 35.00 knots

Max. Speed (mph): 39.00 knots

Fuel Tank Capacity (gal): 1390 gallons

Water Tank Capacity (gal): 250 gallons

Engine Horsepower (hp): 3000. hp

No. of Engines: 2

VICTORY just completed a \$400,000 refit at Lauderdale Marine Center including the installation of the first KYMETA flat panel satellite antenna making her the first yacht in North America to feature this new technology.

Other upgrades include a brand new shipboard monitoring system, all new helm station with upgraded navigation package & flat screen monitors, all new audiovisual & surround sound entertainment systems on the interior and exterior of the yacht.

With right around 1,000 original hours, VICTORY is the lowest hour Mangusta 72 for sale in the world.

VICTORY also had a complete buff & wax and her teak was sanded to a gorgeous finish.

Preliminary specs, full specs will be added before FLIBS.

Vessel Walkthrough

Stepping onboard VICTORY you have a teak swim platform with access to the garage that fits up to a 10ft jet tender or large 3 person jet ski, with additional space for watersports toys such as paddle boards and dive equipment.

There is a staircase both on the port & starboard side that leads up to the large aft deck that has centerline sun pads. Access to the engine room is through the port deck hatch.

Forward of that, you pass under the hard top entering the main salon & helm area. High gloss varnish & teak decks complement the entire space. The upper deck can be air-conditioned by enclosing the aft deck with the custom Strataglass enclosure

with black canvas. There is seating for up to 16 guests with mirror image L shaped settees both to port & starboard. Forward of the sitting areas, you have direct access to the interior with a center line staircase, wet bar to port complete with ice maker, sink & refrigerator. Forward is the helm station which has 4 19" flat panel monitors, all new shipboard monitoring systems, and carbon fiber dash.

A new surround sound stereo features over 15 backlit LED speakers & subwoofers producing over 10,000 watts of sound.

A retractable hardtop compliments the space allowing for a nice breeze when underway or alfresco dining under the stars.

Walkarounds to both port & starboard lead to the bow area that has a sun pad that is large enough for 4-5 adults with an awning to hide you from the sun.

Continuing down the staircase you enter the lower salon area. 5 large portholes allow for plenty of natural light. A large U shaped settee with coffee tables seats up to 12 guests to the port side. Opposite a large new flat screen TV with surround sound finishes the space.

To starboard, you have a door that leads into the galley kitchen with all the amenities a chef needs to cook a gourmet meal. There is also a small dinette which would serve as a nice crew lounge area.

Forward of the salon is the master cabin with centerline king berth & private ensuite with gorgeous Italian marble, toilet, bidet, and sink.

Aft of the salon you have the two guest cabins, To port, you have the VIP with queen berth & ensuite with the same Italian marble, toilet & shower. To starboard, you have the third guest cabin ensuite which sleeps 3 guests with 2 twin berths and hidden Pullman berth.

Upgrades 2017
