Manufacturer Provided Description

The Mediterranean 38 Convertible is as much at home hunting for bill fish as it is cruising with the family. Her modified deep-V hull smooths out the ride on offshore waters and provides the safety, seakeeping ability, and performance demanded by the knowledgeable yachtsman and serious sportfisherman.

In the interior, curved, laminated teak cabinets and doors are varnished to a satin smooth, hand-rubbed finish. Rich decorator fabrics, lined lockers, and beautifully tailored upholstery contribute to a bright and cheerful feeling. The owner's stateroom forward with a large double berth, a fully enclosed head with a separate stall shower, and an L-shaped galley three steps down from the main salon with a serving bar and pantry. The main salon can accommodate an L-shaped settee that converts to a double berth and there is a teak entertainment center with a built-in color TV.

The Mediterranean 38's cockpit is designed for the avid fisherman. More than eight feet long, it comes standard with a transom door and two large fish boxes, either one of which may be converted to a freezer or a live baitwell. A built-in 48-gallon, five-scoop live bait tank, a fiberglass bait and tackle center with a sink and a cutting board, polished stainless steel rocket launchers, and numerous flush rod holders all are calculated to satisfy the discriminating fisherman.
