**our main website at POPYACHTS DOT COM. We appreciate that you took your time to look at our advertisement and we look forward to speaking with you!**

---

### **Condition**

The boat seems to be in very good structural shape with some minor cosmetics that need TLC consistent with a vessel of this vintage.

7.5 kW Kohler Generator (575 hours) - needs minor work to be fully operational. Cost ~ \$300 for intake manifold gasket replacement.

House AC has not been used for a long time. 3 window AC units work much more efficiently and cool the entire boat well. And no sea strainer maintenance!

Some maintenance records are available.

The forward head needs to be rebuilt. Aft head recently rebuilt. Water heater needs attention.

Please make an inquiry for additional information, to set a showing or make an offer based on represented condition and contingent on inspections!
