Model Year: 1999

Model Name: BHM Duffy 36

Hull Material: Fiberglass

Engine Horsepower (hp): 375.0 hp

No. of Engines: 1

"Duffy hulls have been wholly proven over the years. Often described as boats with great seakeeping abilities, this line of lobster-boat-inspired cruisers is built by the Atlantic Boat Company of Brooklin, Maine, although it owes its name to the firm Duffy and Duffy Custom Yachts, which constructed the boats up until 1995."
~ Southern Boating

Jewel has rugged good looks and great usage of space. From her comfortable yet functional cockpit, open and user friendly pilot salon and her additional quarter berth below Jewel is designed to cruise. Her exterior bright work needs attention, but priced to sell and ready to cruise now.

About Atlantic Boat Works

"Atlantic Boat Company is a family owned business operating on a 37 acre, 50,000 square foot facility on Flye Point in Brooklin, Maine. In 1995 Duffy and Duffy Custom Yacht and Flye Point Corporation merged to become Atlantic Boat Company. The two companies have built over 1250 hulls since the 1970's. Today, Atlantic Boat Company, the builders of Duffy and BHM commercial boats and yachts, carries on a long-standing tradition of quality Downeast boat-building.

Boats built at Atlantic Boat Company are renowned for their long term performance, safety, and integrity.

These hulls have been developed over the past 150 years for the rigors of fishing off the Maine coast. With a large keel, flat after sections, and a fine entry, our hulls are steady in any weather. The Downeast hull provides an exceptionally safe and comfortable ride.

We are committed to building exactly the boat you want, and we guarantee quality craftsmanship. Completed as a work boat or a finely finished custom yacht, our boats hold together like no production boat can. We invite you to visit our facility and encourage your involvement with the production of your boat." ~ Atlantic Boat Works

Hull

- Black anti-fouling paint

- Red boot stripe
- Blue hull
- Fiberglass swim platform
- Pull out ladder under swim platform
- Weaver davit flanges on swim platform

Turning again and moving forward down the companionway steps you enter the lower cabin. Directly to starboard is the boats **Head**:

- Opening deck hatch overhead
- Overhead lighting
- Opening port light
- (4) built in towel racks
- Vanity mirror with cabinet
- Locker space above work surface
- Single basin sink with single lever hot/cold pressurized fresh water mixer head
- Storage below surfaces
- Electric marine head

Just forward of the head is the large **Stall Shower** with built in bench seat:

- Overhead lighting
- Opening port light
- Sliding water tight hatch to back of helm station with mirrored inserts
- Hot/cold pressurized fresh water mixer wand with flexible hose and mounting bracket
- Shower curtain

Exiting the head/shower and continuing forward you enter the **Forward Cabin** with a large v-berth with single settee in the middle and an infill to make a larger bunk. This area also features:

- Opening deck hatch overhead
- Opening port lights port and starboard
- 12-Volt fan
- Shelf storage outboard port and starboard
- Access door to the chain locker forward
- Reading lights port and starboard
- Credenza with drawer and locker storage to starboard with fiddles around top for additional shelf storage
- (5) Drawer storage locker to port with fiddles around top for additional shelf storage

Turning around and heading out of the forward cabin to port is a large open **Quarter Berth**. Also in this area:

- Overhead opening deck hatch
- (2) Opening port lights outboard
- 12-Volt fan
- Reading light
- Shelf storage outboard
- Locker storage outboard
- 110-Volt outlet with GFI

Electronics
