Manufacturer Provided Description

Following in the wake of her elder sister the Oceanis 51.1, this 40-foot cruiser, with **a new hull design by Marc Lombard**, offers unrivalled **deck volume and interior space**, as there are no concessions to performance. The 12-metre long Oceanis 40.1 is **available in different layouts, draughts and rigs**, adapting to the most demanding sailor's cruising requirements and satisfying their need for comfort and pleasure under sail.

Exterior Design

How can you enjoy life at anchor as much as sailing? With the innovative flared hull design of the Oceanis 40.1, and steps extending over a third of the bow, BENETEAU has broken new ground but made no concessions. The result is a hull that has true speed potential and is stiff under sail. Above the waterline, her deck plan and ultra-spacious interior by **Nauta Design** is unheard of on a boat this size. You cannot help feeling that you are aboard a 45 foot cruiser!

Interior Design

With a **walnut or light oak** **ambiance**, the styling of the interior by Italian designers Nauta, is remarkably bright and excels in the skilful arrangement of the living spaces. She is available with two, three or four cabins and a **C-shaped galley** on the starboard, offering lots of storage and a spacious worktop. On the port side, there is a large saloon with a table and a removable bench, and a chart table at the foot of the companionway provides ample working space. Everything is modular, so that everyone can live the way they want and enjoy sailing wherever the wind takes them.

Engine Notes

1 x 45hp
