Stock #308605 -

The R21 was designed for value and quality in a Wakeboard/Wake Surf boat 7. Built with Tige's quality standards and the famed Z-Series hull, the R21 gives you the wake you have been waiting for. The R21 has room for 14, and the versatile performance to change the wake from one side to another at the click of a button with the TAPS 3 system.

The TAPS 3 surf system gives you the world's best surf wave. It helps you control the speed, side plates, and the center TAPS plate, which controls the bow rise. It automatically controls the pitch, roll, yaw, or list and crab to get you the perfect surfing wave for whoever is behind the boat. It is all managed by the ACTIVE TOUCH command center, making it easy to dial in that perfect wave.

The wakeboard tower gives you plenty of room in the cockpit by keeping the wakeboards out and up.

There is a great stereo with four speakers and a subwoofer to help you get your groove on. Function and pleasure what a nice combination.

Seating for 14 means all your friends and family can come and enjoy the day surfing or wakeboarding on one of the best wakes in the industry.
